## Weekly Memo for March 17-21

École Beau Meadow School is currently able to maintain our existing student timetables without having to move to a rotational schedule as per the information shared in Superintendent, Michael Borgfjord's latest letter to all parents. If changes become necessary in the future, we would first explore combining some of our smaller classes before considering a rotational schedule. We truly appreciate the ongoing support and partnership of our families as we work together to meet the needs of all our students
