School News:

As you are already aware, our school will be undergoing a **modular renovation** beginning during Spring Break. The goal of this project is to replace four of our older modular classrooms, which includes 1B, 4S, 2HU, and 2HA. From the beginning of April until the end of the school year, these classes will be assigned a new learning space within the school.

In addition to the classrooms listed above, 3AD, 3AB, and 2B will also be relocated as construction will consume the north west area of our school. Many classes will also have a newly assigned entrance and exit door to ensure safety and maintain efficient traffic flow during the construction period.

We understand that transitions like this can raise questions, and we are committed to making the process as smooth as possible for students and families. Detailed information regarding specific classroom reassignments and updated entry/exit procedures will be shared this Wednesday.

Thank you for your continued flexibility and support as we work to improve our learning environment for all students.

Kindergarten Registration is now open for the 2026-2027 school year.
