

Black Gold Regional Division No. 18

Is proud to present the: FIRST RIDE PROGRAM

Open to all kindergarten students registered this fall in Black Gold Schools.

The First Ride Experience is an interactive and hands on event, comprised of both classroom and on-board presentations and a short School Bus ride, which introduces both new kindergarten students and their parents to School Bus safety rules and procedures. The student portion of the Experience is geared directly to the age and maturity level of new kindergarten students. The First Ride Experience was developed with a keen awareness that parents play a vital role in the provision of a safe School Bus ride for their children; this event provides an

opportunity for parents to pose questions and discuss any concerns.

Parents MUST pre-register as each session is limited to 25 students. As space is limited there is no room for siblings of kindergarten children to attend.

Parent Name: _____

Student Name: _____ School: _____

Email: _____

The program will be offered at a few schools and you may be asked to attend a school other than your own, depending on numbers.

Forms are to be submitted to the school who will then forward to the Black Gold Schools Transportation Department. You will be contacted via email for acceptance into the session available. If for any reason you cannot attend you must contact Sue Timmermans at 780-955-6025 or sue.timmermans@blackgold.ca so your spot may be made available to another student.
